The Convention in a few days will present The Courted to the Executive power the new soundaries. The return of Gen. Paez for He o'Board is los ked upon by all the politital parties as the inauguration and estabhement of perpetual peace. It is the genest impression that he will not hold any public office, but will contribute, with his red offices and counsels, to unite the various parties and bring to power the most respectale men in the country. SAD ACCIDENT .-- A correspondent of the Warrenton Flag, writing from Gaines Cross Roads, November 3rd says: -On Thursday night last a building belonging to John Palmer, at Keysville, in Rappahannock county. caught fire between seven and eight o'clock, and was burned to the ground, and sad to July, 1854, till paid. A motion for a new relate, Daniel Ritenour, an aged and infirm man, who was living in it at the time, and who, owing to his infirmities, was unable to get out, perished in the flames. A few of his are all that is left to tell of his untimely end. When first seen he was lying on the floor unable to get out, when the door was forced open, which was locked from the inside, but the heat was so intense that it was impossible for aid to get to him, and he perished in sight of those who were willing to belo him but could not do it. Never before has it been our lot to witness such a scene, and we trust it may never be again. The dwelling of Mrs. Richards, just opposite was in great danger, but owing to the exertions of the neighbors it was saved. No one knows how the fire originated, but it is supposed to have caught from the fire he left burning on retiring to bed--though that will always remain

a mystery. The Synod of the Presbyterian Church in Virginia, at Charlottesville, adjourned on Saturday. A large number of ministers were in attendance. Christiansburg was fixed upon as the place for the next meeting. During the session a new Presbytery, to be called Roanoke, was separated from West Hanover

NEW CUST M HOUSE, &n .- This building, which has recently been finished, and is now occupied as our Post Office, is really one of fine proportions and much architectural beauty, and an ornament to the City; and the superintendent, Mr. S. T. G. Morsell, under whose direction the entire work has been executed, receives, as he justly merits, the high encomiums of the community, for the correct taste in the planning-as well as for the superior manner in which the work has been executed. The appointment of Mr. Morsell, by the Secretary of the Treasury, as Superintendent of this building was opposed by some on account of his being a non-resident, and by others on the ground that his qualifications were not known to our citizens to be such as to qualify him for the proper discharge of so important a position-the result, however, has entirely satisfied all that the Secretary, in the selection of Mr. M., well understood his eminent abilities in the line of his profession, and they accord him due praise for the able manner in which he has accomplished his work. The Secretary of the Treasury, who was much interested in this work, has given it his personal inspection, and expressed himself, while on a late visit to our City, in the highest terms of approbation, for the able and satisfactory manner in which the Superintendent has performed his duties. He remarked that it was the hardsomest post office | Railroad, and sixty miles from Alexandria in the United States for the amount of money that was expended. An article on the design of this building, and execution of work, &2. was published in the Gazette, some weeks age; but there is one circumstance that requires especial notice, and that is, that this Custom House is the first built for Government where a surplus of the appropriation Superintendent, who being about to leave us, we think it but an act of justice to say

MORE THAN 500,000 BOTTLES SOLD IN THE NEW ENGLAND STATES IN ONE YEAR-The RESTORATIVE OF PROF. O. J. WOOD for restoring Hair perfectly and permanently, has never yet had a rival. Volume after volume might be given from all parts of the world and from the most intelligent to prove that it is a perfect RESTORA-TIVE; but read the circular and you cannot doubt; read also the following :

THE HAIR -People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Prof. Wood these articles are being fast dispensed with; but a great many persons still patronize them, be cause they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in WOOD'S RE-STORATIVE there is no such thing as fail .-We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the tiniest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which it restored in greater perfection than it ever

had been before. It is also without doubt one of the best artimaking it soft and glossy, removing dandruff,

It is the duty of every one to improve their personal appearance though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.-

Woman's Advocate. Philadelphia. Cochecten, Ohio, November 17, 1856,-O. J. Wood & Co .- Gents :- As I have been engaged in selling your HAIR RESTORATIVE the last season for one of your local agents, (R. M. Hackinson) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restorment in the Atlantic cable since the receipt of ing the hair. I have been engaged in the Drug the few intelligent signals reported several ousiness for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours. Being fully race at Newmarket against Count Bathyani's | convinced that your RESTORATIVE is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell .-Yours, truly, S. T. STOCKMAN, WAYLAND, Mass. Feb. 5, 1857.—Prof. O. J.

Woop & Co -Gents: Having realized the good effects of your HAIR RESTORATIVE, I wish to state, that finding my hair growing thin, as well as grey, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color as it completely. In the operation I have used nearly three bottles. Yours, &c., JAS. FRANCIS. O. J. WOOD & CO., Proprietors, 312 Broadway, N. Y., (in the great N. Y.
